D.S.A

Data Structure :-

- Data :- The quantified, characters or symbols on which operations are performed by a computer which may be stored and transmitted in the form of electric signal and recorded on magnetic, optical or mechanical recording media.

$$\text{eg} = \boxed{a + b = c}$$

- When data becomes information

DATA: YM MANE SI MATHMA

Information: MY NAME IS PRATHAM

Note :- If data is arranged in a systematic way, then it gets a structure and become meaningful.

Data structure :-
